“Challenging Environmental Education”

2016 Delaware Envirothon

The Envirothon is an environmental program and competition for high school age students (grades 9-12). Combining in-class or after school curriculum, and hands-on training, the Delaware Envirothon enhances student’s practical knowledge and application of environmental science. Some program highlights include:

- ◆ College Scholarships and Cash Awards
- ◆ Career Exposure
- ◆ Current Environmental Issues
- ◆ Collaborative Learning Experience
- ◆ Problem Solving
- ◆ Public Speaking Skills
- ◆ Teacher Credit Hours through the Delaware Teacher Center
- ◆ Hands-on Workshops—these hands-on workshops are scheduled for October 24 (Soils and Forestry), November 7 (Invasive Species and Aquatic Ecology), and January 30, 2016 (Air Quality, and Wildlife)
- ◆ Winning team attends the North American/ NCF Envirothon in Ontario, Canada July 2016

Charter School of Wilmington Team A won the 2015 Delaware Envirothon on April 30, 2015. The event was held at the community of Cannery Village in Milton. They placed 8th at the NCF Envirothon in Missouri!

Areas of study
