

Oral Presentation Guidelines 2025

The deadline to submit the team oral presentation is 11:59 p.m. April 9th. Presentations must be emailed to or shared with (via Google Drive) deenvirothon@gmail.com by the deadline.

Please refer to the Delaware Envirothon website at delawareenvirothon.org for the oral presentation scenario and any updated training information.

Presentations should be 7 to 10 minutes long and no longer than 20 slides. The slide count includes the title slide and slides for citations of reference material.

All five team members must participate as presenters.

Presentation files should be saved as Microsoft PowerPoint (PPT) version 2010 or newer, or Google Slides (GLSIDES). Presentation files must be named as follows using your registered team name: "2025 Oral Presentation – Registered Team Name".

No sounds, video clips, videos, or slide transition animations will be allowed in the presentation.

PowerPoint presentations are final at the time of submission. No changes can be made. If there is a problem with the file, the Oral Presentation Committee will reach out to the Team advisor.

Teams must bring a flash drive of their presentation to the competition. This must be turned in at registration and will be returned to the team after the competition.

3 x 5 notecards are permitted for use during the presentation and must also be turned in at registration and returned to the Oral Presentation Committee after the team's presentation.

A laptop computer (with your presentation preloaded), projector and slide advancer will be provided in the presentation room.

Any questions, contact Sarah Culler at sec@dswa.com
